Due on Monday, November 28th (not before)

*Coloring is always part of your homework.

Dear Parents,

Attached you will find your child's Thanksgiving homework packet. The purpose of these sheets is to ensure constant review of the material. The children should be able to complete the assignments on their own once you have read the instructions to them that are located on the side of each page.

All work should be completed a little each day (not crammed in on Sunday night at the last minute or rushed through on the first day to get it over with immediately). All work is to be written in PENCIL and colored neatly. It is important that they take pride in their work and in what they hand in.

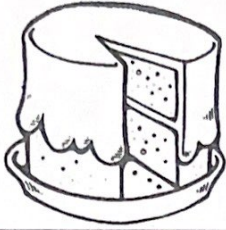

I wish everyone a happy, healthy and safe Thanksgiving.

Sincerely,
Ms. Giunta
